People who will go to bat for me

A short, deliberately chosen panel of executive sponsors, peers and partners who have seen the work up close. Send after the phone screen. Each can speak to a different dimension: board-level decision-making, delivery under pressure, and partnership across the business.

THE SPONSOR

A CFO or CEO who owned the budget and the risk, and watched a defensible decision turn into a delivered result.

THE PARTNER

A COO or operations leader who lived the go-live on the floor and saw the outcomes hold.

THE PEER / SI

A steering committee peer or systems integrator principal who can speak to rigor, fairness and command of the program.
